6.1.2 The Factor has factored the Property since 2005.

6.1.3 The complaint relates to delays in having rot works carried out to joists under the floor of the Property.

6.1.4 In July 2022 the Factor accepted that the joists in question are the common property of the flats in the tenement.

- Section 1: Written Statement of Services.

### Section 2.7

- Section 2: Communications and Consultation.

### Section 2.7

- Section 6: Carrying out Repairs and Maintenance

### Section 6.4

- Section 7: Complaints Resolution

#### Section 7.1

She accepted that Section 1 had been included in error.

In connection with the breach of section 7.1 she explained that the complaint is that the complaints process was delayed.

She also explained that the Homeowner, Ms Mojab is disabled. The social work department had agreed to install a wet room in the Property but the installation was delayed due to the Factor delaying in arranging rot works to the joists under the Property. Ms Mojab has not been able to wash properly for two years. She understands that the works are now proceeding. However, Ms Mojab had been in hospital and consequently there has been a delay in arranging the start date for the works. She asked the Tribunal to agree to continue the CMD to allow time for the works to be completed.

6.3 Mr Wallace advised that the contractor Bromac are ready to proceed with the works. He understands that the works may take a day or two. He understands that there will be no disruption caused to the inside of the Property.
